

God's got us
He's in control, in control, in control
God's got us
Let Him heal what you refuse to let go
God can take nothing and make something great
Make beautiful things from these ugly mistakes
This is the promise,
God's got us

God's got us
He's in control, in control, in control
God's got us
Let Him heal what you refuse to let go
God can take nothing and make something great
Make beautiful things from these ugly mistakes
This is the promise,
God's got us

Let the church say,
Say yes, yes
I've seen Him do miracles, yes, the impossible
Yes, yes
See demons, they tremble in fear of what God can do
This is the promise
I know God's got us

Say, yes, yes
I've seen Him do miracles, yes, the impossible
Yes, yes
See demons, they tremble in fear of what God can do
This is the promise
I know God's got us

God's not a man that He should lie
To bring me back, He gave His life
I'm so glad that God's got us

God's not a man that He should lie
To bring me back, He gave His life
I'm so glad that God's got us,

God's not a man that He should lie, to bring me back He gave His life
I've seen Him do miracles, yes the impossible
His Timing, He's doing impossible
I'm so glad, I know God's got us

God's not a man that He should lie, to bring me back He gave His life
I've seen Him do miracles, yes the impossible
His Timing, He's doing impossible
I'm so glad, I know, God's got us

Say yeah
Yes (Yes)
Yes (Yes)
Yes (Yes)
Yes (Yes)
Yes!
Oh yes!
Oh yes!
God's got us!

Oh, yeah!
Let the church yes!
